1. BACKGROUND

1.1 INTRODUCTION

LALJI FOUNDATION

The Lalji Foundation is a non-governmental Organization established in Tanzania in 2022, its registration number is **00NGO/R/4407**. The foundation, founded by the Lalji family of Tanzania, is a testament to our commitment to give back to the community and enhance the quality of life for all. With a deep-rooted belief in the power of collective progress, we dedicate ourselves to developing an inclusive human society.

The Foundation aims to help people in different groups, especially those with special needs. The Foundation's primary aim is to work towards developing an inclusive human society and improve the quality of life by empowering people to be self-sufficient economically through education, skills development, and financial assistance.

LALJI FOUNDATION donated **5,000,000/=** Shillings for the Medical Health Camp. The 3-day camp was conducted from **8th- 10th August 2024** at Mnazi Mmoja Ground Dar es Salaam.

2. OBJECTIVES.

- To provide initial care to people in life-threatening conditions which reflects the unique strengths and goals of medical ethics.
- Provide free and high-quality medical services for the poor population.
- Raise health awareness among the community and teach them to deal with communicable and non-communicable
- Register rare and severe cases and refer them to specialised centres.
- Evaluate the living conditions and determine the obstacles and challenges to work on solving their problems.
- Refer medical cases towards surgeries if required.

5. CONCLUSION AND RECOMMENDATION

While this project was a success, there is an ongoing need for support in the healthcare sector in Tanzania. The Lalji Foundation should continue to seek partnerships with other organizations, local to expand its reach and impact. By working together, these organizations can provide more comprehensive healthcare services to underserved communities across the country.
