## **LALJI FOUNDATION**

**Committed to Community Development,**

**Community development – shallow well project report (005)**

**Dumila juu village, Kilosa District- Morogoro region,**

**Date: 28<sup>th</sup> November, 2025**

**Venue: Dumila juu - Morogoro**

### **1. EXECUTIVE SUMMARY**

The Lalji Foundation is a charitable organization focusing on education, women's empowerment, health, orphans and water-access projects. In 2025, it launched shallow water-access initiatives in Morogoro Region, including the construction and handover of a community well to residents of Dumila Juu Village.

Dumila Juu is a rural village in Dumila Ward, Kilosa District, Morogoro Region. The community relies heavily on small-scale farming and faces challenges related to safe and reliable water access, especially during dry seasons.

**Ms. Judith Kahatano**, Projects Coordinator of LALJI FOUNDATION, said that the completion of the shallow well at Dumila Juu Village reflects a strong commitment to improving access to clean and safe water for rural communities. She emphasized that the project is intended to ease the daily challenges faced by residents, particularly women and children, while promoting better health and dignity within the community.

**Rest munis**, Chairman of Dumila juu village, in Kilosa District, Morogoro, thanked the Lalji Foundation for providing a shallow well, noting that the project will greatly ease access to clean and safe water for the community.

### **2. PROJECT OBJECTIVES**

- Provide a reliable and safe source of clean water for households and institutions.
- Reduce the time and physical burden spent fetching water, particularly for women and children.
- Improve community health by reducing waterborne diseases.

- Promote sustainable water management through local ownership and maintenance systems.

## 10. CONCLUSION

The shallow well project at Dumila Juu Village represents a significant step toward improving the quality of life for the community. Through the support of the Lalji Foundation, residents now have access to a safer, more reliable water source that reduces the burden of long-distance water collection and helps minimize the risks of waterborne diseases.

Lalji Foundation to continue with more shallow well projects in the villages of Tanzania.
